

ESAAY PASSPORT ADVENTURE

Children are invited to pick up a passport at the main door entrance and visit the numerous displays at the 21st year Oregon Asian Celebration. Inside the passport are clues to find a specific display or booth. When children find these, they can get their passports stamped. For younger children, we've placed an enlarged picture of the passport stamp at each booth to make it easier to find. Once your passport is completely stamped, go to the ESAAY Passport booth to get a prize.
